Report of the Managing Committee.

In Memoriam.

The Managers greatly regret to record the death of Mrs. R. W. Welford, who had been for many years a great benefactress to the Hospital. Her recent gifts included the Jarrah Staircase in the new part of the Hospital and cork carpet and curtains in the greater part of the Hospital.

THE year has been one of steadily increasing work. Compared with the previous year, there were only five more admissions (370) but there were 963 more patient-days, showing that a greater number of long and serious cases were admitted and there were 114 major operations (31 more than in 1929), the total number of operations being 257 (last year 204). 129 members of the Contributory Scheme were admitted (one more than last year), and there were 67 Private Patients (58 in 1929). On 143 days the Hospital was filled up to and above its nominal capacity of 18 beds, the highest number being 23 patients. 293 patients were reported cured; 53 improved or relieved; 4 transferred; and 16 died. Such a record of work means a heavy demand on the time and skill of our Honorary Consultants and Medical Officers, and we wish to record our very great appreciation of their willing and disinterested service, and also to thank our Matron and her Staff for their unremitting care of and kindness to the patients.

A change of Matrons took place last May when Miss Dickenson left to take up other work and Miss Chapman, who had worked for seven years as Home and Theatre Sister at Gravesend Hospital, was appointed. Her capacity for work and experience of hospital administration have been much appreciated, and it is largely due to her careful management and to the fact that far fewer temporary nurses have been employed that the salaries total is £40 less than last year, and the cost per patient day 9d. less (*viz.*, 10s. 7d. as against 11s. 4d.).

This satisfactory result has been achieved in spite of the fact that a sum of £267 has had to be expended in capital outlay, the two chief items being: (1) £107 was spent in installing a Candy Filter water softening plant: it was felt that the amount saved on repairs to boilers and equipment through the damage caused by hard water would soon cancel this expense. (2) In October the high pressure dressings steriliser became cracked beyond repair, and a much larger steriliser was installed at a cost of £136. The Pound Day appeal for this met with a good response, and Mrs. Warren and her Working Party most kindly came forward with a gift of £50, which they had collected privately by the sale of their work. As a result the steriliser was paid for before the end of December and it was possible to claim a substantial discount.

The fees paid by patients are about £300 more than last year, and amount to nearly half of the total income, but this does not mean that the Hospital is in any sense self-supporting. It may be interesting to record that one patient

(not belonging to the Hospital District) was in our Hospital with a fractured thigh for eight months at a cost to the Hospital of considerably more than £100; the sums received from his Approved Society and from friends in his native place only amounted to about £25, barely covering the cost of the 22 X-rays which had to be taken of his fracture. Another patient was a nurse who was doing temporary work in the Hospital and developed a serious illness two days before she was due to leave; she occupied a private ward for ten weeks and was not asked to contribute anything towards her expenses.

The page of Donations again shows how much practical interest is taken in the Hospital by all sections of the community. Alexandra Day was once more a wonderful success bringing in £280 and this time the whole sum was allocated to the Maintenance Account.

In view of the splendid work which is being done by the Linen League (who issue their Report separately) and the large sum of money collected by them, it is very gratifying to note that the annual subscriptions show an increase of £45. The Linen League during the year has supplied articles to the Hospital to the value of something over £100, besides providing blankets and making up curtains and screen covers. This work has relieved the House Committee and the Matron of a great load of responsibility.

The Contributory Scheme continues to prove a notable success. The number of contributors has increased by sixty-six and the work of the fifty-seven collectors and six district secretaries has been done so efficiently that there are practically no arrears of payment to be carried forward. This achievement reflects the highest credit on the voluntary collectors and district secretaries whose work in dealing with the mass of weekly detail is extremely exacting. Particulars of the accounts and other figures appear as a separate report.

Mention must be made of the work of the Medical Committee which during the year has been put on a regular footing. The Committee meets once every month to consider medical and surgical supplies, to deal with any matters which directly concern the medical staff, and this has added to the efficiency and smooth working of the Hospital. The Managers desire to record their best thanks to the Honorary Medical Staff for the time and help they have so willingly given to this work.

Seeing how many efforts have been made this year to help the Extension Fund it is satisfactory that donations from such sources for the General Fund are only £50 less than last year. For the first time £10 was received from the energetic Committee of the Chalfonts and Gerrards Cross Junior Charity Cup competition.

Members of local choirs and the Toc H League of Women Helpers at Beaconsfield have come at intervals on Sunday evenings to sing to the patients, which has been very much appreciated.

But although it is impossible to mention in detail the many kindnesses that the Hospital has received during the last year, a special message of thanks must go to the large number of collectors (for annual subscriptions, for weekly payments under the Contributory Scheme, for Pound Day gifts, and for egg collections) as without their help so willingly given, this report would make far less cheerful reading.

This report would be incomplete without mention of the fact that in June Mrs. Moreland will complete ten years' service as Honorary Secretary of the Hospital. During that period the work of the Hospital has increased more than threefold, and it is not too much to say that every branch of it bears witness to her unselfish and unremitting labour. The public of the area served by the Hospital owe Mrs. Moreland a debt of gratitude far greater than most of them realise.

EXTENSION.

In the last Report it was stated that there was a deficit of £762 on the Building Account. During the year not only has this deficit been paid off, but the fund starts the new year with a credit balance of £359.

The total amount received during the year was £1,223, of this £405 was raised by some very successful entertainments organised by the Ladies' Extension Committee with Lady Kerr as Chairman. Other local efforts produced £150, the Contributory Fund allocated £175, a legacy of £100 was received from the Executors of the late Mrs. Shelton Corbett, and £393 was received in donations.

In February an Appeal for £5,000 to complete the original scheme was circulated through the district, but the response so far has been small, only £200 being received in cash, and £120 in promises.

On the expense side, old liabilities have been paid off, the entrance to the Hospital has been fenced, the road made up, and work on the extension to the Clinic Hut is being put in hand.

But we are still without funds to complete the Extension of the Hospital to provide new wards for the extra beds which are so urgently required.

Those who are accustomed to read Hospital statistics will realise that 16.6 daily average of occupied beds in a Hospital with a nominal accommodation of 18 beds is extraordinarily high and in our case it means that on 143 days out of the 365, the Hospital overflowed, the highest number reached being 23.

The burning question of the moment is, How soon will the Committee have sufficient funds to justify them in starting on this most urgent work?

Combined efforts are being made to raise the remaining £4,000 and before this report is in print two plays will have been produced, one by Mrs. C. V. France and Mr. Gerald Smith, and one through the kind offices of Mr. Robert Brown of the Players' Club, Beaconsfield. On Whit-Monday the Gerrards Cross and

District Auto Club (who have, during the past year, given £11 to name a bed in the Hospital), are holding a motor bicycle gymkhana in Mr. Ryder's meadow, Gold Hill. A strong Committee has been formed by friends of the Hospital to organise a Midsummer Carnival on July 4th in Bulstrode Park (kindly lent by Sir John Ramsden, Bart.), and in the autumn Mrs. Mund and Mr. Clive Rouse, with an enthusiastic committee of connoisseurs, hope to arrange a Loan Exhibition.

These and other efforts will, no doubt, very considerably augment the funds, and the Committee are most grateful to all who are giving their time and help so willingly, but they are mindful of the fact that vigorous and sustained effort on the part of the whole community will be necessary in order to raise the sum required to build the new Wing. They would like to appeal specially to the 1,500 or 2,000 old and new residents in the Hospital District, who have not yet subscribed to the Extension Fund, to send a donation (which may be spread over three years) and to remember the old adage, "*Bis dat qui cito dat.*"

(NOTE.—As a guide to the amount—if all gave a sum equal to 1s. in the £ on the rateable value of the house they live in, the amount required would be met.)

CHALFONT ST. PETER DISTRICT NURSING ASSOCIATION.

The Report to be presented this year is very satisfactory. Our Nurses continue their good work, and the reports after inspections from Headquarters have been excellent.

The work does not lessen and the Morris Minor is constantly in gear, rushing from one part of the district to another.

One great feature of the past year's work was a Sale which was held on February 14th, 1931, and realised the grand total of £67 6s. 3d. This effort was initiated by our Nurses.

Sincere thanks must again be accorded to our many supporters, and the collectors must feel how very much their hard work is appreciated.

The list of visits paid during the year is as follows:—

Children—Attendance	1,407	Casual	376
General—Attendance	2,043	Ante-Natal	145
Chronic	869	Infant Welfare	43
Maternity...	839	Tonsils and Adenoids Clinic	20

THE INFANT WELFARE CENTRE.

Four years ago our Report expressed the hope that our numbers, then averaging 25 a week, would soon be doubled, and this hope has now been realised, for we count it a poor afternoon when we do not see 50 or more babies thronging the Hut, all as a rule so cheerful, and learning to be sociable, and to share coveted toys from their earliest years.

Between them they get through 100-lbs. of dried milk a month (though of course bottle feeding is not encouraged except where necessary) and great quantities of cod liver oil, Virol, Bemax and other tonics which would be too expensive for their mothers to buy if they could not get them at cost price through the Centre. Elder brothers and sisters are allowed to share too, to keep away the winter colds. There have been five lectures, seven cases of dental aid, six jumble sales, and four inspections by the County Organiser.

We are again very grateful for the help of the Tennis Tournament (this year organised by Lady Fremantle). This, with a few subscriptions, pays for the treats, so much enjoyed. The summer one was to Chenies and the winter party was in the Hut, with a "magic garden."

The infant population of Gerrards Cross does not seem to increase much, and consequently the Branch Centre there remains about the same size, 15 being a fair average attendance. Good use is made of it, however, and it is reported on as doing very well in a friendly way, and is to be recognised as a separate Centre and eligible for a County Grant from April, 1931. There was a Garden Party in the summer, and a Christmas tree presided over by Lady Kershaw at the Memorial Hall.

At both Centres prizes are being awarded for good attendance, 38 in all—a very creditable result. Several friends have sent welcome gifts of jumble and of toys, including the girls of Chalfont Lodge School who made a big collection at Christmas time. Everything is made good use of and much appreciated.

The Annual Meeting of Governors was held on Wednesday, April 29th, at 8 p.m., in the Masonic Hall, Gerrards Cross. Sir John Kerr presided, and there were over sixty Governors present. The Accounts and Annual Reports were presented, and the Managing Committee elected.

CHALFONTS & GERRARDS CROSS COTTAGE HOSPITAL.

CONTRIBUTORY SCHEME.

SECOND REPORT, 1930-1931.

Committee :

J. A. HORNE (*Chairman*).

*H. FORTESCUE (Chalfont St. Peter [1]).

*H. W. LAWTON (Gerrards Cross).

*H. S. GROOM (Chalfont St. Giles).

To be appointed. (Chalfont St. Peter [2]).

*MISS JACKSON (Jordans).

*R. L. WILKINSON (Seer Green).

MRS. E. MORELAND.

MISS WATT.

Hon. Treasurer:

HAROLD MORELAND, O.B.E., Cherrycroft, Gerrards Cross.

Hon. Secretary:

G. F. BRIDGE, M.A., Steeple, Chalfont St. Peter.

* District Secretary.

THE second year of the Scheme shows an increase in the number of Contributors from 1,668 to 1,734; the average payment has been 9s. 6d. for the year or 2d. a week. The total amount contributed was £790 2s. 3d., against £776 3s. 1d. last year, but there are arrears which have been paid in since March amounting to £32 13s. 3d.

The number receiving benefit was 144—one less than last year—but it will be seen from the analysis of the patients admitted to Hospital that the cases treated were of much longer duration than last year.

X-Ray treatment, which was added to the benefits for in-patients this year, has accounted for £54 14s. 6d., but with the increased number of contributors the credit balance is very nearly the same as last year, and there remains a sum of £208 to be allocated to such purposes of the Hospital as the Managers may direct.

Several of our Collectors have found it necessary to give up their work for reasons of health or other causes, and other willing workers have been found to take their places. A cordial letter of thanks for past and present faithful service has been sent to all Collectors by the Chairman of the Managing Committee.

Statement of Account for Year ending 31st March, 1931.

Contributory Scheme ; Rules.

1. Scale of Weekly Contributions shall be as follows : 3d. for man, wife and children up to the age of 14. 2d. for individuals over 21, for widowers and widows and their children up to the age of 14. 1d. for young people aged 14-21.
2. The Scheme is confined to those whose income does not exceed £250 a year.
3. Payments may be made weekly, monthly or quarterly in advance.
4. Every contributor must have a printed card on which his payments must be recorded and initialled by the collector. The card may be kept by the collector or the contributor, **but it must be brought or sent to the Hospital when benefit is claimed**, and the contributor will be responsible for this being done.
5. Benefit shall be a free bed at the Hospital in all cases recommended for admission by a member of the Honorary Medical Staff. It includes fees for use of theatre and anaesthetics, and also X-ray treatment and Massage for in-patients.
6. A contributor who is not more than eight weeks in arrears shall be entitled to benefit on payment of arrears. A contributor more than eight weeks in arrears will be taken off the books ; should he wish to rejoin he will be able to do so only under the provisions of Rule 11.
7. Contributions shall be remitted during the period that a wage-earning contributor is in Hospital.
8. Tonsils and adenoids (between the ages of 5 and 14), tuberculosis and infectious diseases, for the treatment of which the public authorities are responsible, do not come within the scope of the Scheme. Chronic cases are not taken at the Hospital, nor are maternity cases, except under very special circumstances.
9. Contributors, who while absent from home are obliged by accident or sudden illness to enter a Hospital elsewhere in England, shall have their maintenance charges paid for them up to 3s. a day for thirteen weeks, as a general rule.
10. The same payment for the same period shall be made if a contributor cannot be received at the local Hospital, or if he or she is recommended by a member of the Honorary Medical Staff to enter another Hospital as an in-patient for treatment which cannot be given at the local Hospital. Under no other circumstances shall any payment be made to a Hospital on behalf of a contributor.
11. Contributors shall have no claim for benefit till they have been members for three months, and twelve weekly payments have been made.
12. Newcomers to the District, already members of a Contributory Scheme, shall be entitled to benefit after the first payment to the present Scheme.
13. The decision of the Managing Committee of the Hospital on all doubtful points shall be final and binding on every Contributor.
